

PSHCON300

With independent control of 4 Quad colour fittings, pre -built colour macros, sound to light and strobe control the Drive 4 controllers are incredible value for money. Four multi-function faders not only give you precise independent colour control but when you change the fittings over to the on board macro control, you then get master fader, macro speed and fade time control for each fitting independently.

Perfect for the smaller rigs of paired LED Pars you'll get incredible control in a compact, lightweight and mountable unit.
