This symbol on the product, or the documents accompanying the product, indicates that this appliance may not be treated as household waste. This is to avoid environmental damage or personal injury due to uncontrolled waste disposal. Please dispose of this product separately from other waste and have it recycled to promote sustainable economic activity.

### FEATURES

- Solid and durable design
- Lightweight aluminium construction
- Extra short
- Exchangeable colour rings

### DESCRIPTION

If you want to set up your loudspeakers in stable and secure way, or place your laptop in a firm and safe position, the SP 5111 B, as a short classic tripod loudspeaker stand, is exactly the right thing for you. It is made of sturdy but lightweight aluminium with black powder coating and can support up to 35 kg at a maximum height of 132 cm.

The Loudspeaker stand is excellent for attaching the Gravity® LTS TRAY 1 laptop tray and other 36 mm attachments that you need to use based on your body height.

Its mounting for the base is manufactured from die-cast aluminium. The steel sleeve for adjusting the height is virtually indestructible and offers additional stability. A locking pin holds the 35 mm thick extension tube in place. The ergonomic knobs for the set screws are made of highly durable ABS plastic and covered with a non-slip soft-touch thermoplastic coating for comfortable handling.

Thanks to its compact size and low weight of 1.94 kg, the short loudspeaker stand is perfect for portable use.
