

# Performer3 Range

Switch between a music stand, to tablet stand, to acoustic screen in seconds.

## Music Stand Features:

- Unlike metal stands, the tray is made of a polymer which does not 'ring' when knocked.
- Quick and easy adjustment using only friction to set the stand at the desired height and angle.
- Adjustable to hold heavier scores.
- Additional pencil shelf can be added.
- Cable tidy and space for clip light.

## Acoustic Screen Features:

- The screen acts to reduce sound waves from transmitting between musicians.
- Transparent screen does not obstruct the musicians view.
- Portable and lightweight for touring.
- Move the stand freely and easily depending on the musicians needs.
- The shield also offers direct protection between musicians by separating the space they play in.

## Tablet Stand Features:

- Compatible with all tablet models.\*
- Includes accessory shelf and bow hooks.
- Easily adjust tablet with one move.
- Secure and remove the tablet in seconds with our soft closing clamp.
